DEBTOR EASY STREET PARTNERS

CASE NO 09-29907

Form 2-G
NARRATIVE
For Period Ending February 28, 2010

Please provide a brief description of any significant business and legal actions taken by the debtor, its creditors, or the court during the reporting period, any unusual or non-recurring accounting transactions that are reported in the financial statements, and any significant changes in the financial condition of the debtor which may have occurred subsequent to the report date.

Easy Street Partners' disclosure statement was approved by the Court and solicitation packages containing the disclosure statement, the plan of reorganization, a notice, the Court's order approving the disclosure statement, and a ballot were served on creditors.

Potential Plan Funders were identified and two finalists were selected who are completing final due diligence and negotiation with the Debtor.

Operational highlights:

Easy Street Partners' operations were affected in the first two weeks of the month by a series of major winter storms that hit the Eastern seaboard and Chicagoland markets. The weather not only hampered air schedules but also affected client bookings from the East coming to Utah as they had record snow levels at resorts in New Hampshire and Vermont. The month recovered after the Presidents' Day weekend and the city posted solid gains against prior year during this period. The property occupancy was negatively affected to a significant level against plan during the first two weeks of the month, which impacted the overall month's gross revenue performance.

The city posted a 53% lodging occupancy and the property posted an overall 50% occupancy for the month. The city was 6.0% ahead of prior year in rooms occupied and, while the property was up 10% over 2009 for room nights sold, it was 28% below plan. The restaurant business levels for covers served were up over prior year by 17% and 7% behind plan due to lower than anticipated in-house guests. The spa saw a 5% increase in treatments sold in the month over prior year.

Even though the room occupancy was below plan, the property posted a net operating profit of \$293,508 that exceeded plan by \$59,374 on gross revenues, which in turn fell behind plan by \$118,041. This represented a 42.1% NOI and is the result of departments adjusting quickly to lower business levels and reining in costs where possible. Against the prior year the property continued to improve its financial performance over 2009, posting a 44% increase over prior year in net operating profit. The NOI for 2009 was 33.5% versus 42.1 in 2010.

The property continued to be ranked the number one hotel property in Park City on Trip Advisor. In February, Easy Street Brasserie was elevated to the #1 restaurant in Trip Advisor and Amatsu Spa was ranked as the #1 Hotel Spa. According to the Trip Advisor Review Metrix owner analysis, Sky Lodge had a 91.8% positive rating versus Stein Ericksen at 70.1% and all Park City hotels at 87.1%.
